**IU End-User Reporting Systems**

**IUIE (IU Information Environment).** A centrally maintained, enterprise-wide, Web-based decision support application and reporting environment. It contains a collection of reports and information to provide the university access to institutional data, and will replace the Information Center.

Accessed from OneStart [http://onestart.iu.edu](http://onestart.iu.edu), under University Systems tab. Likely Users: Support staff, such as Recorders, who have recurrent needs for operational management reports (application tracking, course enrollments, etc.)

**FDRS (Financial Data Retrieval System).** A web-based environment for running “canned” reports, pre-defined queries, extracting financial data, or accessing the Faculty/Staff salary listing.

Accessed through: Financial Management Services [http://www.fms.indiana.edu/](http://www.fms.indiana.edu/). Likely Users: Financial support staff and possibly other Dean’s office or departmental staff who have recurrent financial reporting and analysis needs.

**IU General Reporting Resources**

**Indiana University Factbook** [http://factbook.indiana.edu](http://factbook.indiana.edu). General information on the university structure, programs, alumni, enrollment, fees, personnel, physical facilities and finances. Includes campus level data.

**University Reporting and Research** [http://www.indiana.edu/~urr/](http://www.indiana.edu/~urr/). Includes new student enrollment reports, degrees conferred, financial aid, graduation and retention rates, the Common Data Set (information provided to U.S. News & World Report, Barrons, Petersons, and other commercial publishers), and Federal statistical returns (the Integrated Postsecondary Education Datasets, or IPEDS).

**University Budget Office** [http://weathertop.bry.indiana.edu/budu/](http://weathertop.bry.indiana.edu/budu/). Includes link to some of the aforementioned resources (factbook, enrollment reports), as well as some limited access financial reporting systems.

**IUPUI Information Offices**

**Bursar’s Office** [http://www.bursar.iupui.edu/](http://www.bursar.iupui.edu/). Detailed information on tuition and fees.

**Human Resources Administration** [http://www.hra.iupui.edu/](http://www.hra.iupui.edu/). A variety of information resources related to staff and benefits. The HR Toolbox is particularly useful for obtaining forms and policy information.

**Information Management & Institutional Research** [http://www.imir.iupui.edu/](http://www.imir.iupui.edu/). IUPUI Survey Results, enrollment and degree trends, reports on student progress and performance, online (planning information) database, access to annual reports, civic engagement inventory, point-in-cycle reporting system, and institutional portfolio.

Registrar’s Office ([http://www.registrar.iupui.edu/](http://www.registrar.iupui.edu/)). Includes a vast array of information relating to registration policies, practices, and services. Has links to many other useful services for faculty and staff. Most reports included under the Enrollment Reporting page ([http://registrar.iupui.edu/enrollment.html](http://registrar.iupui.edu/enrollment.html))

Research and Graduate Education ([http://www.iupui.edu/~resgrad](http://www.iupui.edu/~resgrad)). Includes an array of information resources for faculty, especially those involved in sponsored research. The annual report section of the Research and Sponsored Programs sections includes annual reports on research activity (described further below).

**Environmental Scanning Sources**

**IU/IUPUI Centers**

**Center for Evaluation & Educational Policy ([http://ceep.indiana.edu/](http://ceep.indiana.edu/))**. Relatively new Center, combining the Indiana Education Policy Center (IEPC) and Indiana Center for Evaluation (ICE). The IEPC provides nonpartisan information and research on education issues to Indiana policymakers and other education stakeholders to improve education. The ICE promotes and supports systematic program evaluation, particularly for educational, human services, and non-profit organizations.

**Center for Urban Policy and the Environment (CUPE) ([http://www.urbancenter.iupui.edu/container.htm](http://www.urbancenter.iupui.edu/container.htm))**. The Center for Urban Policy and the Environment uses analytic and decision facilitation competencies to inform policy choices about complex societal problems, especially in Central Indiana.

Indiana Business Research Center (IBRC) (http://ibrc.iupui.edu/). Regional population and economic information. Includes access to “Stats Indiana” (http://www.stats.indiana.edu/).

Indiana Career and Postsecondary Advancement Center (ICPAC) (http://icpac.indiana.edu/home.html) ICPAC “informs, encourages, and supports the education and career development of all Hoosiers.” The center can answer questions and provide resources on education and career options. Web site includes description of programs and partnerships.

The Polis Center (http://www.polis.iupui.edu/polis/home.htm). Perhaps the most comprehensive set of historical, demographic, and other data currently available on Greater Indianapolis. Includes the Social Assets & Vulnerabilities Indicator (SAVI) system (http://www.savi.org/), a community information system that seeks to enhance capacity and improve decision-making in Central Indiana communities and especially in organizations and agencies that serve human needs. SAVI provides information from approximately 40 data providers, tools to access and analyze the information, user support, and training.

Regional/State Resources

Indiana (http://www.indianachamber.com/) and Indianapolis (http://www.indychamber.com/) Chambers of Commerce. Includes reports and studies from several regional and statewide analysis of business and industry needs.

Indiana Commission for Higher Education (http://www.che.state.in.us/) Description of Commission activities and publications. Fact sheet giving overview of Commission, Summary of Selected Legislation, on-line copies of major publications and links to other products are available from the Reports and Studies section.

Indiana Department of Education (IDEANET) (http://ideanet.doe.state.in.us/). Links to descriptions of current programs and initiatives. Includes aggregate and shool-specific enrollment and achievement statistics.

Federal Government Resources

Federal Bureau of the Census (http://www.census.gov/) - Statistics gathered from the official government census and interim population sample surveys. Has some relatively easy to use systems, such as the American FactFinder (http://factfinder.census.gov/).

National Centers and Resources

Internet Resources for Institutional Researchers ([http://airweb.org/links/linkmap.html](http://airweb.org/links/linkmap.html)). One of the most comprehensive set of links for higher education management and decision making.

National Information Center for Higher Education Policymaking and Analysis ([http://www.higheredinfo.org/](http://www.higheredinfo.org/)). Provides higher education policymakers and analysts with the data and information needed to make sound policy decisions.

National Center for Postsecondary Improvement ([http://www.stanford.edu/group/ncpi/](http://www.stanford.edu/group/ncpi/)). Although this Center is now defunct, the web site will maintain an impressive array of publications developed during its existence.

The Horizons Web Site ([http://vrd.ucv.cl/importaciones/Teaching-Learning/Technology_Tools_for/horizon.unc.edu/welcome.asp.htm](http://vrd.ucv.cl/importaciones/Teaching-Learning/Technology_Tools_for/horizon.unc.edu/welcome.asp.htm)). inform educators about the challenges that they will face in a changing world and steps they can take to meet these challenges. The Education On-Ramp section includes links to valuable information databases, articles, and resources in the social, technological, economic, environmental, and political (or STEEP) sectors.
