One.IU

As a student, you have access to your student information in SIS through the Student Center in One.IU (<https://one.iu.edu>). This provides easy access to all that you will need on a regular basis. The information is grouped under the logical headings of Academics, Finances, Personal Information and Admissions. Students can access SIS through the Student Center in One.IU to register for classes, view their transcript, track financial aid disbursements, print their e-Bill, and search the library, view job postings, and access web mail.

Open and Late Registration

No appointment is needed to register for classes at this time. Online registration occurs via SIS through the Student Center in One.IU through Sunday, July 2nd. *NOTE: A late registration fee will be assessed beginning Monday, July 3rd.* If you did not enroll during the previous semester and are unable to register for the current term, please contact (317) 274-1519. To register after July 2nd, see the Drop/Add information box.

Waitlist

Courses that have met their capacity offer a waiting list option for student. During the waitlist period (the first 3 days of the term), if any enrolled student drops the class, the automatic process attempts to place waiting students in the order they appear on the list. The waitlist process will not place students who have time conflicts with other enrolled classes or who have exceed their maximum hours for the term. The waitlist process runs daily through Wednesday, June 28th. If you are not placed in a class by this date, you must speak with your instructor directly as they may choose to allow additional students into their class as their discretion. **Students must be officially enrolled in waitlisted classes by July 2 to avoid late fees.**

If you have financial aid, you must be officially register for the amount of hours needed for your aid. Waitlisted courses do NOT count for financial aid purposes.

Drop/Add

Students already enrolled may drop or add courses online via One.IU through July 2nd with no grade or fee penalty. A Late Schedule Change Fee will be assessed for each course added beginning July 3rd. Any changes made to enrollment may impact your financial aid eligibility.

Beginning July 3rd, students can drop and add classes online by selecting the [Late drop/add classes](#) link in One.IU. Dropped courses will result in a grade of 'W' on the transcript. *NOTE: UCOL students and freshmen in Engineering & Technology students must see their academic advisor in person. The advisor will then submit the online request on your behalf. Full term courses can be dropped via this process through July 19th.*

Tune in to 1610am for available parking garages during the first 2 weeks of school.
