**Waitlist**

Courses that have met their capacity offer a waiting list for students who would like to try and enter the class. During the waitlist period, if any student drops the class, the waitlist process will attempt to move students from the waitlist into the class in the order they are on the waitlist. **If you have financial aid, you must register for the amount of hours needed for your aid. Waitlisted courses do not count for financial aid purposes.** After the last waitlist process runs the evening of July 2, 5:00 pm, instructors may choose to sign students into their class at their discretion. This is often dependent on the student having attended the class to this point. **Students must be officially enrolled in waitlisted class by July 7 in order to avoid late fees.** A Late Schedule Change Fee, in addition to course fees, will be assessed for each course added after July 7.

**Open and Late Registration**

No appointment is needed to register for classes. If you did not take classes the previous semester, you will need to call 274-1519 to be activated for a new term. Through June 29, registration is available online via Onestart with no fee. Beginning June 30, a late registration fee is assessed but you may still continue to register on line through July 2.

**Drop/Add**

Students may drop or add a course online via OneStart through July 7 with no grade or fee penalty. There will be a late change fee assessed on course changes beginning July 8. Any changes made to enrollment may impact your financial aid eligibility.

**DROP:** Beginning July 3, to drop a class, students should select the Late drop/add classes link on the self service page in OneStart, or go see their advisor to get a drop/add form signed by the academic advisor and present that form to the Office of the Registrar, Campus Center, Suite 250, during normal business hours. This continues through July 21 for full term courses. **NOTE:** UCOL students and freshmen in Engineering and Technology must see their advisor in person to process drops or adds during this period.

**ADD:** Beginning July 3, to add a class, student must select the Late drop/add classes link on the self service page in OneStart, or go see their advisor to get a drop/add form signed by the instructor and academic advisor and present that form to the Office of the Registrar, Campus Center, Suite 250 during normal business hours.
